

International Scene

■ **Coast to Coast Entertainment's** game **ReRave** attracted attention at the 2nd Panyu Animation and Game Expo (GAGA) 2013 held in April at the Pazhou Poly World Center in Guangzhou, China. ReRave is represented by the company's Chinese distributor, Y.E.S.

Coast to Coast is looking forward to ReRave's distribution in China. Inquiries for ReRave in the Chinese market can be sent to Yi Eel Shang Enterprise Co. Ltd., +86-20-34808969; fax +86-20-34800919; e-mail (yes9898@188.com; Web (www.yes-cranes.com).

■ **Stern Pinball CEO** Gary Stern presented trophies to the winners of the ENADA Show Stern Pinball Tournament in Italy. The event was sponsored by the International Flipper Pinball Association (IFPA), TecnoPlay, Gioco News, and Stern Pinball. The tournament included world class players competing on several Stern Pinball titles (AC/DC, Avatar, X-Men, Iron Man, and Avengers). Mario Anzini took first place. For more information, visit (www.sternpinball.com).

■ **The 7th Southeast European Gaming Expo Belgrade** will take place May 21-23 at Belgrade Fair, Hall 5, in Belgrade, Serbia. For more information, e-mail (office@see-geb.com); Web (www.see-geb.com).

■ **Hans Rosenzweig**, former Managing Director of Nova Apparate in Germany, part of the Gauselmann Group, and a Past President of Euromat, passed away March 21 of a heart attack. He was in the hospital in Marbella, Spain with pneumonia. Rosenzweig was 78.

According to a report in *InterGame*, he was "a leading personality in the German and European amusement machine industry in the 1970s and 1980s. He represented the country's trade associations at Euromat for many years."

AMI promotes The Thermals

AMI Entertainment Network celebrated the release of the latest album from The Thermals with a vinyl giveaway. *Desperate Ground* is the sixth record from the post-pop-punk trio.

AMI partnered with Saddle Creek and Sub Pop Records to award one lucky fan with a vinyl prize pack from The Thermals. Three runner-ups also received music or merchandise from the band. Fans entered the contest in April by clicking the promotional banner on AMI jukeboxes nationwide or by visiting AMI's Facebook page (www.facebook.com/AMIjukeboxes).

UNIS received the Most Anticipated Game of 2012 for After Dark.

■ **Universal Space (UNIS) Games** received five awards at the Annual Conference of the Chinese e-Game Industry. First, UNIS was selected as the Excellent Enterprise of 2012. UNIS President, Louis Lu, was awarded the honorary title of Outstanding Entrepreneur of 2012. Lu gave a speech during the conference on behalf of the China arcade industry.

In addition, UNIS won the Advanced Product Research and Development Group of 2012; Crazy Speed won the Outstanding Arcade Game of 2012; and After Dark was awarded the Most Anticipated Game of 2012. For more information, call (714)377-0508; e-mail (sales@universal-space.com); Web (www.universal-space.com). ▲

Fun Stop Photo Booth (photo booth)

This coin-op photo booth snaps photos of passers-by to pull them in. The booth has dual printers, all LED lighting, and a steel frame cabinet. The large camera on top of the unit leaves no question about what the booth is used for. There is a software update on this unit with new borders. An event version is also available.

Prize Hoops (merchandise kit)

This plug and play kit can convert Stacker machines to Prize Hoops games in one-hour. Users press a button to have the on-screen basketball player shoot his basketball when the moving hoops are in front of him. The object of the game is to make as many shots as possible. The kit comes with marquee, control panel, and LCD screen.

Toccatagaming International

(920)727-4700; www.toccatagaming.com

Pong 180 (Half-size)

This one or two player game features a rotating cup platform that ensures when it's your turn, the cups face you. The dual monitor setup allows players to view the game progress from both ends of the table. Automatic ball return is featured on both ends of the cabinet. A target graphic helps players to fine tune their shots. Operator friendly features include a full operator menu and multiple access doors.

Rock-n-Roll Vertigo (prototype)

A virtual version of Tito's Ice Cold beer with dual joysticks, thermo-printer and ticket version. Players use controls to tilt a ladder-type graphic. A ball rolls back and forth and the player attempts to drop it in one of the many holes on the screen. Available by end of April.

TouchTunes Interactive Networks

(847)419-3300; www.touchtunes.com

Virtuo (jukebox)

Patrons browse music collections by playlists, genre, new and popular, and staff picks. Features include TouchTunes Karaoke, TouchTunes PhotoBooth, and the myTouchTunes Mobile App 2.0. The new Virtuo Floor Stand makes the Virtuo SmartJuke more flexible by offering a freestanding floor model. Other features: a 26-inch HD touch monitor; LED panel above the main touch screen; displays for pause, skip, and volume control functions; live equalizer LED animation that beats to the music; and remote dashboard management. Coming soon are Photo-Booth Location Frames and a new Virtuo service called TouchTunes Presents, a live streaming service that allows locations and operators to stream live concerts into their venues.

Triotech Amusement Inc.

(450)586-5009; www.trio-tech.com

XD4 Theater (motion ride)

Triotech has a photo booth system that captures players during the ride films in the XD Theater (XD4 and XD8) and generates a four-inch by six-inch glossy image framed with scenes from the adventure. Also shown: Typhoon motion-base game.

Universal Space

(905)477-2823; www.universal-space.com

Fruit Mania (redemption)

Players aim and shoot coins at rotating fruits, which turn into treasure boxes and fall onto the platform. Each time coins/boxes drop into the winning zone, players win tickets. When they drop into the prize wheel trigger, it activates the prize wheel and a chance to win more tickets or special items.

After Dark (video)

This one or two-player game is available in two models: standard (47-inch monitor) and deluxe (55-inch monitor). Players shoot at monsters and complete four exciting stages. Features include steering wheel, guns with motion, sound effects, bright LED lights, and content appropriate for young teens and up. The deluxe model has a motion platform.

Mini Express (kiddie ride)

A locomotive-style kiddie ride with handlebars, a push button whistle, interactive mini game on a seven-inch monitor, and safe and cool smoke effects. Children press the button to hear the train and see the smoke.

Pirate's Hook (video redemption)

This two-player fishing game requires skill and timing to use the fishing reels with rotating handles to wind the line and strike the multi-color changing LED lights. There are three tension settings and a 42-inch LCD monitor. The bigger the fish, the higher the score. Also shown: Astro Invasion, Dino Pop, and Ducky Splash family games.

U-Select-It

(800)247-8709; www.uselectit.com

Vending Machines (vending)

Among the products on display were the Mercato 5000 glass front snack merchandiser, the Geneva hot beverage machine, the Alpine Combo 3000 for cold and frozen items, and the Alpine 5000 Elevator refrigerated glass front vending machine.

Valley-Dynamo

(972)595-5300; www.valley-dynamo.com

Top Cat (pool table)

The newest Valley table is designed for high end locations. Features include stained hardwood and carved wooden rope trim, top corner assembly with flush mount casting, tapered "Statesmen" leg design, MEI bill acceptor standard, flexible pricing options, worsted billiard cloth with Teflon, and Premier Duramith balls by Aramith. Also shown: Champion Shuffleboard, Tornado Foosball Table, and Short Shot hockey table for children.

Venco Business Solutions

Hyosung NH-2700 (ATM)

An elegant, next-generation ATM with full motion video capabilities, advanced user interface, streaming news and weather updates, optional video topper or LED topper, and advertising capability. Venco offers a turnkey service for ATM operators offering not only machines but also a processing service, wireless communication devices for ATMs, signage, and a wide array of outdoor kiosks and solutions.

Argo (ATM)

This is a new model from Triton that comes with larger screens, easy to read keypads or touch screen options, updated design, and added security. An eco-friendly printer-less model is available. Also from Triton: VersaSafe, a smart safe system to keep track of all activities via computer or any device/smart phone that can access the Web.

Wedges & Ledges

(310)374-9982; www.wedgesledges.com

World's Smallest Cranes (cranes)

The company introduced two cranes with very small footprints: 12-inches wide by 12-inches deep by 52-inches high and 18-inches wide by 18-inches deep by 52-inches high. The cranes are designed for high-end prizes such as MP4 players.
